

Good morning and welcome to services! School is out this week for most of you and I know you are very excited! Join us this Saturday, May 27th, for our "School's Out for Summer Bash"! We will meet at our house for swimming, backyard games and grilled burgers. Boys, please bring your favorite chips and girls, please bring your favorite cookies. Burgers, buns, fixin's and drinks will be provided. The early bird registration deadline for Camp Red Oak Springs is coming up on the 31st. The early bird pricing is only \$170 for camp, but it will go up after the deadline. If anyone is interested in camp and would like more information, please let myself or Alison know. Also, if you have not grabbed a summer calendar from the youth bulletin board, they are available!

We are praying that everyone has a great last few days of school and that this summer will be one of great spiritual growth for each member of our youth group! **DOUG**
"...but grow in the grace and knowledge of our Lord and Savior Jesus Christ. To Him be the glory both now and forever. Amen." 2 Peter 3:18

WELCOME VISITORS

A big hearty welcome to those visiting today. Allow us to meet and greet you following the worship service this morning. At the end of the service today you will be given a gift bag from our congregation. "It is a small gift, but it comes from big hearts." Thanks again for coming.

"SOMETHING TO CONSIDER"

For a couple years I've been blaming it being tired on lack of sleep or too much pressure from my job, but now I've found out the real reason that I am always tired. I'm overworked.

The population of this country is 237 million. 104 million are retired. That leaves 133 million to do the work.

There are 85 million in school, which leaves 48 million to do the work.

Of this there are 29 million employed by the federal government, leaving 19 million to do the work.

2.8 million are in the Armed Forces, which leaves 16.2 million to do the work.

14,800,000 people work for State and City Governments. That leaves 1.4 million to do the work.

At any given time there are 188,000 people in hospitals, leaving 1,212,000 to do the work.

Given that there are 1,211,998 people in prisons, that leaves just two people to do the work, you and me.

And you're sitting there reading the church bulletin.

Congratulations to Kyli Davis upon her graduation from Elkhart High School this year. We are so proud of her and her accomplishments. We will have a luncheon today after services, where she will display her accomplishments.

**Fellowship meal to follow
the worship service today.
Kyli Davis to be honored
on her graduation.**

From Dan's desk:

God bless you all for being in attendance this morning. We are so glad you have chosen to be with us if you are visiting. The membership here welcomes you and we hope you will come again soon. Following the worship service this morning, we will all have the privilege of joining together in a fellowship meal in the activity building. It is always great to be together and we are glad you have come. We will recognize KYLI DAVIS upon her graduation from high school this year. We are proud for her and the entire Davis family. The much needed rain was a blessing last Sunday along with additional rain this last week. If we don't get rain in the Spring, we just may not get it until Fall. The Summer gets awfully dry and arid. Last Sunday we had a number of visitors in the midst who had come to be with their Moms. Mother's Day is always a special time and thank you for your comments about the lessons last Sunday. The Bible says so much about Motherhood and it is difficult to address the subject in such a short time. The beautiful roses that were given to mothers in the audience were given and provided by Adam Harding. We appreciate his generosity and kindness. We were sorry that it was a little warm in the auditorium due to the fact that one of the air conditioner's was not functioning properly. The Deacons have that corrected and it should be more pleasant in our facility today. We thank them for taking care of this. We hope to see each of you at the service tonight at 6 P.M.

SYMPATHY

Our sympathy is extended to the family of TERRY ADAMS, who passed away last week.

MONDAY NIGHT FOR THE MASTER

Our last Monday Night for The Master until September will take place tomorrow night. The reason we are making this change is because Memorial Day falls on the last Monday of this month. We knew that several will be out of town that day. We hope you will make plans to be with us tomorrow night at 6:15 for the meal and from 7:00-8:00 for the work hour.

The Most Valuable Discovery

In 1847, Sir James Simpson of Edinburgh discovered the use of chloroform as an anesthetic in surgery. Some claim this to be the most significant discovery of modern medicine. In his later years, Sir James was lecturing at Edinburgh University and a student asked, "What do you consider to be the most valuable discovery of your lifetime?"

He answered quickly, "My most valuable discovery was when I discovered myself a sinner and that Jesus Christ was my Savior."

The book of Romans makes clear these two significant truths that Simpson articulated. The problem is sin. "For all have sinned, and come short of the glory of God" (Romans 3:23). And the penalty for sin is death (Romans 6:23). Paul declares that the power of God unto salvation is the gospel of Jesus (Romans 1:16). In Christ we have the divine provision: "While we were yet sinners, Christ died for us" (Romans 5:8). The price that was paid? "Being now justified by his blood, we shall be saved from wrath through him" (Romans 5:9).

Now what's the process by which we contact that blood? By placing our faith and trust in Jesus (Romans 5:1), confessing Christ (Romans 10:9-10), turning from our sins in repentance (Romans 2:4), and being buried with Christ in baptism (Romans 6:1-4). Then we are to dedicate the rest of our lives in service to Him (Romans 6:12-18; 12:1).
