

Teen News

The young people, Keri and I want to thank each of you who helped in any way last Sunday night at the chili cookoff and cake auction. It turned out great and everyone had a good time. The chili entries were all real good. 1st place winner was Laura Howell, 2nd place went to Jennifer Sparks and 3rd place went to Dwight Franklin. The sale of the cakes and special donations to the youth fund totaled around \$4,000.00. We are so thankful for your generosity and love for the youth. We really appreciate each of you. We will look forward to L.T.C. and Summer Camp.

THE ATHEIST

An atheist scientist came to God and said, "We've figured out how to make a man without you."

God said, "OK, let me see you do it."

So the atheist bent down to the ground and scooped up a handful. But God stopped him and said, "Oh, no you don't. Get your own dirt!"

"The Bible Is Not A Dead Letter"

The Holy Scriptures and the truth of God it contains can never be destroyed. Matt. 24:25. It has outlived and outlasted the attacks of atheists, so called higher-criticism, scientific skeptics, and liberal theologians. One man wrote, "A thousand times over, the death knell of the Bible has been sounded, the funeral procession formed, the inscription cut on the tombstone, and committal read. But somehow, the corpse never stays put." Though men may seek to put it away, the word of God is here to stay. That's the tenacious truth.

Be sure to vote on Tuesday. It is a privilege that many do not have in our world. Pray about those who are running for office and ask God to help in making your decision.

One Responds For Prayer Election Tuesday Go Vote!

From Dan's desk:

Thank you for being present this morning. We are glad you have come to worship with us. If you are visiting in the community or just stopped by on your way somewhere, we are delighted to have you in our worship service. Last Sunday was a wonderful day. Sunday GRAHAM WILLIAMS asked for the prayers of the church here. We commend him for his humility and decision. The Chili and Cake fellowship was great. The young people raised close to \$4,000.00. It was a wonderful day. We also gave special recognition to George Lester upon his 90th birthday. That is indeed a milestone. We are happy for him. Remember that tomorrow night is Monday Night For The Master. This monthly time of fellowship and effort together provide the encouragement we all need, as I mentioned last Sunday. So much good is accomplished when we work together in such efforts. Not only is much done, but it makes you feel blessed by doing something above and beyond what is routine in your life. We continue to have numerous visitors frequent our worship services and this is great. Be sure to make them feel welcome among us. God is blessing the church here in wonderful ways. We are so thankful to our Lord for the numerical and the spiritual strength we receive each time we meet in worship. Continue to be mindful of the upcoming election on Tuesday. Your vote does count and we need to do our part as citizens of the United States of America to help elect leaders who will guide us into the 21st century. Be praying about those who are candidates and ask God to help you make the right choice. See you tonight. DAN

WELCOME VISITORS

A big hearty welcome to those visiting today. Allow us to meet and greet you following the worship service this morning. At the end of the service today you will be given a gift bag from our congregation. "It is a small gift, but it comes from big hearts." Thanks again for coming.

"JUST PLAIN IGNORANCE"

Is it possible that the phrase In Acts 17:21 "these times of ignorance" describe our own times? Will Rogers once noted, "Everyone is ignorant, only on different subjects." How many brilliant minds are ignorant of God? Some have bought into the idea that a brain stuffed full of scientific facts and empirical data is automatically educated. But the apostle Paul says in Romans 1:22 about people in the first century: "Professing to be wise, they became fools." He doesn't mean they suddenly forgot everything science and research and education had taught them. He means that in spite of all their vaunted advances in thinking and education, they chose to be ignorant of God. In each generation some of the most brilliant people on earth are also some of the most ignorant of God. In college classrooms, brilliant but atheistic professors use eight and nine syllable words trying to explain the origin of man in purely materialistic terms without reference to God. Others who have brains stuffed full of empirical facts and data use their bodies in immoral ways that deny and dishonor God. Human history testifies with one voice- societies that don't know God will soon find themselves valuing things more than God or people, and also find their moral and spiritual values deteriorating. Theodore Roosevelt once said, "To educate a person in the mind but not the morals is to educate a menace to society." Many things are troubling our world today and many of them are attributable to the fact that men do not know the Bible and do not practice it. Just ignorance that's all.
